**Cobourg *Comets* Hockey Club**

1954 & '55 PROGRAMME

## Thanks

The Board of Management of the Cobourg Arena and the Executive of the Cobourg Comets Hockey Club wish to thank the advertisers in this program for their co-operation. Without such sports-minded people the Cobourg Arena and the Comet Hockey team would have a much more difficult task.

## We have taken this space

. . . with the idea of persuading you to use Times Printing Company service. Were we to say that we never fall short of perfection and never fail to deliver dead on time, it wouldn't be honest because it wouldn't be true, any more than such a statement would be true of any business or printing firm.

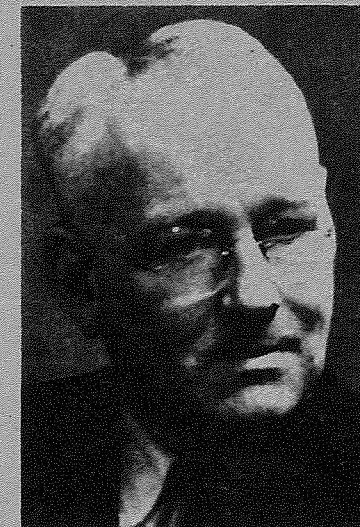

What we can say in all sincerity is that we consistently do our very utmost to produce printing of a high standard and to keep faith with customers' required completion times. The best of craftsmen - - - as our staffmembers are - - - will on the odd occasion fall short of top standards and will now and then make mistakes. When those things happen, we do everything we can to put things right.

At your service also, is an experienced, enthusiastic sales staff, ready at all times to assist in the design and production of your printing requirements.

## Mayor's Message

The responsibility of managing the Cobourg Memorial Recreation Centre is heavy indeed, and entails a great deal of time and effort from those public spirited men who are members of the Board of Management. One plan after another has been given a trial in order to work out a successful method of operation and all concerned are optimistic about this years programme.

I will not mention specific names lest someone should be omitted but the thanks of the community should go to all those who are associated with the promotion of hockey at any level, so that a large number of young and

"not so young", can participate in this great Canadian sport.

Mr. Williams, who operated the intermediate franchise for a number of years, could not carry on any longer. The successful operation of the Arena made it imperative that this franchise should be active. After a preliminary survey was made, a group of enthusiastic sports minded citizens formed an association to operate an intermediate hockey team this coming season. Mr. Munroe, who is a successful business man as well as a fine player and coach, has been engaged to manage the Arena and assist and coach hockey at all levels. Every effort is being made to ice a winning team and I respectfully request the people of Cobourg and District to give their enthusiastic support to those who are endeavoring to make both hockey and all other activities at the Arena, a recreational and financial success.
