## Message from the Chair

*WOW! What a great year this has been for softball in Cobourg, with, for the most part good weather accompanied with parks full of lots of great people. This has been one of the most fun and most enjoyable years I've had with Legion ball.*

*We on the executive started this year with some very basic goals for CLMSO. One was to have a solid structured house league. This was accomplished in spades. Please take the time to shake your Governors hand, they did an amazing job. From schedules to organizing the teams, development nights as well as helping put on some great mid season tournaments. Great Job!*

*We also tried hard to put good coaches on the bench this year, and from what I saw I think we have some of the most dedicated coaches of any sports organization in Town. It takes a lot of courage to be a coach and a role model for young kids. Thank you for all your hard work.*

*We would like to give our coaches more tools to help develop our youngsters to enjoy this great game even more, so, we will be offering some Coaching Clinics in the spring of 2007.*

*The junior umpires were challenged this year with lots of great ball, and did an admirable job. Without the umps this game does not work. Well done, gang. We will be running another Junior umpires Clinic in the spring so if there is anyone you know that would be up to the challenge please talk to one of our executive.*

*The best thing about this year was the fun I saw on all the little faces as they hit, ran and made the plays, and the parents smiles as they watched their children being active, improving in skill, making new friends and enjoying themselves.*

*With this year in the books, we have all winter to build on our accomplishments and make next 2007 and 50 years of Legion Softball an even better year.*
