# A Champion!

Top performance, whether in sports or in the making of printing plates, is the result of training, skill and experience. At Haynes Printing we try to combine these characteristics to turn out products of "championship calibre".

# A Message From The EXECUTIVE

The Cobourg Figure Skating Club is now seven years old and it remains a vigorous organization, filling an important need in the life of our community.

All personnel, except the Professionals, who work within the Club do so without remuneration with a definite hope that their efforts go a long way to cut down juvenile delinquency in Town and to promote good healthy exercise the mental and bodily development of the children who take part.

Every effort is being made towards interesting young people in figure skating because, this sport develops grace, poise, co-ordination and a spirit of co-operation towards participants. There have been many instances in which physically handicapped people have developed strong muscles through the exercise obtained from figure skating. Some of our best professional key players use figure skating as a means of improving their game. There are countless examples of figure skaters among actresses, models and other people in the public eye, for they have learned the tremendous importance of poise, good health and the co-ordination of mind and body which comes as a result of their successful skating activities. For the perfectionist, figure sport holds greater incentive.

Those responsible for the progress of the Club are constantly keeping in mind that the amount of membership fees must be kept within the average family budget in order to allow the large participation. This year, these fees cover more than half the cost of operating the Club, the difference is made up of revenues from the rink, dances, etc.

In staging the 11th Annual Carnival on the 10th and 11th of February, the Executive are proud of the young people who will perform for your entertainment and they know you will be proud of them also. It takes a great deal of self-

discipline in concentration of effort for children to perform before an audience in such an exciting sport; so, if there are rough spots, we know you will overlook them.

Much of the credit for the programme arranged for the Carnival goes to one of our Club Professionals, Miss Margo Knowles, who has been ably assisted by Mr. Paul Tatton and Mrs. Peggy Markham, Mr. Tatton is spending his first year as a professional with the Club. We wish to welcome Peggy and Jane McCutcheon who were members of our Club for so many years and have come from Belleville to skate with us tonight. It is wonderful to see them again and we know you will enjoy their performance.

Special thanks are extended to the Mother's Group who design and make up the costumes and, through their telephone committee, keep the rehearsal schedules going on time, and so many other jobs which come within the scope of their activities; and a special thanks to Messrs. H. Sutton, E. Parkes and C. Taylor who painted the Carnival Back-drop. Our sincere appreciation is extended to all our advertisers whose generosity in supporting the Carnival often makes the difference between profit and loss.

To all of you here, indeed welcome, and we sincerely hope you will enjoy the show.
