**MAYORS MESSAGE**

**COBourg**

Cobourg is justly proud of the record of the footballing sports. Their excellent successes on the field have attracted Cobourg fans from street and have given us publicity, the value of which, would be impossible to estimate. In addition to this they have proven that great proper sponsorship, good direction and public support, the amateur committee can win and hold leadership as a given sport.

We cannot however, live as the great, glorious as it may have been. New stars have been seen to the club and others will have to be either found or developed to take their places. So every fine player on the Glens' team come from Port Hope that we can almost call them a "Team City Club". I think I am safe in saying the management and players of this fine club the continued support of Cobourg and Port Hope and sincere good wishes from the citizens of both towns for their continued success.

There's luck in the battle that goes on through life,  
 I may lose a battle and so it be,  
 A chance that is mine will slip to the side,  
 And a chance to be won by the side,  
 And if I should lose and it be to the side,
