SPALDING  
NATIONAL  
LEAGUE  
BASEBALL

THE BALL  
THE NATIONAL LEAGUE USES

1. OFFICIAL NATIONAL LEAGUE  
BALL

The National League officially selected the Spalding No. 1 ball in 1876 and has used it in every game since, including World Series. It is made to the exacting specifications determined by the League, with only the finest materials and workmanship.

This ball features the Spalding patented rubber cork center, highest quality selected wool yarn stitching, and a cover of choice blue reeved horse-hair, treated with elastic wool stitching. To every player this famous ball is "official" and will surely stand for its superior and performance, traditionally tested and noted.

## Suggestions to Scorers

Draw a line for an a ball too hard to handle properly. In matters of doubt favor the batter. Be positive whether the batter had a fair chance to dispose of the man who should decide the question of an error.

Sign to score in the lower right hand corner and follow in the order of the facts. Indicate a hit by a circle and extend it to any other scores, as the hit is good for runs, bases or foul bases. A dot over the left, center or right of the cross will indicate the direction of the hit. In this corner square indicate how the base was reached if not by a hit, or how the run was made.

Scoring recorded the first square, before progress of batter is next square. If not, then base put out. A batter hit by batters, starting to record, would be recorded 0-1. If the first batter was advanced by a hit, mark a Figure 1 in second square, showing that the second man on the score card advanced him by hit or error, as the case may have been.

Number of players: Catcher, 2; pitcher, 1; batters, 3, 4, 5; starting, 6; fielders, beginning with left, 7, 8, 9. Record in lower right corner base on which of shortstop, infield or ground center, 1-4; or marked by ball, 4-6; or marked that fly, 2-5; or marked batter hit, 10-1; or wild throw, 11-6; or missed third strike, 10-1; or both, 5-10; or hit by pitched ball, 10-1; or foulout, 11-6; or unsuccessful attempt to bunt, 4.

An error on fly, 1-7, showing a fly ball caught by left fielder, and an error, 2-3, showing three by field batters to fly, not to strike, 8, not to foul fly, 17-2, showing walk out to center, not on that fly, 1-2, not by a fielder concerned, give number of batter and letter of base, A, C, R, or F. This will show that the starting left caught a runner at second, unassisted. Indicate walk out record, 1, 2 or 3, showing the out to be made.

A dot in the lower left hand corner will indicate a run. Not a runner base, write 1.

When a player is hit out between bases, or gets on base as a result of a throw to the batter, nothing the scorer, provided he touched the ball previously in the play. Run 2-3-4-5 would indicate that the catcher caught a batter off third, and the third baseman and shortstop taking part in the play, the runner was eventually retired by the catcher, the latter player being recalled with an error as well as put-out.
