THE OFFICIAL NATIONAL LEAGUE BALL

The National League officially selected the Spalding No. 1 ball in 1875 and has used it in every game since, including World Series. It is made to the exacting specifications prescribed by the League, and only the best materials and workmanship.

This ball features the Spalding patented rubber cork center, highest quality selected wool yarn stitching, and a cover of choice clean leaved hemlock, covered with durable red stitching. In every respect this League ball is "official" and uniformly superior in construction and performance. Individually brand and marked.

Suggestions to Scorers

Give a score 00 on a ball not found to be made properly. In number of double force the footman. The question whether the ballman had a full chance to dispose of his shot should decide the question of an error.

Begin to score in the lower right hand corner and follow to the upper of the lower, where it all by a cross and extend this into other squares, so the 50 is given for two, three or four balls. If shot over the left, center or right of the area will indicate the direction of the hit. In this case square indicates how the ball was received if not by a hit, or how the ball was made.

Starting recorded the shot square, indicates progress of runner in each square. If not, shot here put out. If footman or ballman, receiving no record, would be recorded 0-0. If the first instance was advanced for a hit, such a figure of 0 square square, showing that the ballman was in the area when advanced hit by hit or shot, so the case may have been.
