**of PAPER and INK**

PROOFING is usually designed to do a specific job. Whenever you are planning an important mailing piece, it is imperative that you have the guidance of a thoroughly experienced compositor. We will help you avoid errors of judgment and eliminate the various technical production problems. Using his practical knowledge will enable you to produce printed material of outstanding quality, with a minimum of cost.

JOHN HARKIN.

Our star of Club professional, has his Canadian Figure Skating Association scratch figure seat, and his silver dance seat, and so is well qualified to instruct our skaters. This is his fourth season teaching at our club.

In addition to Cobourg, Mr. Harkin teaches at the Ontario Skating Club and The Quince Skating and Iceing Club, Belleville, during the winter and at Niagara in the winter. Former and

## Community Activity

It was just over nine years ago that a few energetic, public minded skating fans, got together and established the Cobourg Figure Skating Club. During that time, the club has become an increasingly important part of community activity and it now stands an effective impact upon community life. While the membership is open to all ages, the emphasis has been, and will continue to be, on the young people.

Activities in the Cobourg Figure Skating Club include three hours of skating instruction for beginners, novices, school figures, dancing and free skate. Members may skate three times a week and instruction consists of two days on a Figure 8, both forwards and backwards and on either foot. Dancing is earned by learning the waltz, Doon Waltz and six preliminary games, other variations of figure skating and dancing are taught and costs are held to a minimum.

The value of figure skating is building strong, healthy bodies in more and more a recognized fact. There have been many instances in which physically handicapped people have developed into normal beings through the exercises obtained from this activity. Needless to say, figure skating also benefits those who are not physically handicapped. As is thought, the people who are overweight, one hour of figure skating can use up to 1,000 calories. Professional hockey players are turning more and more to figure skating as a means of improving their game. Other people, such as models, actresses, etc., whose livelihood is largely dependent on their point of good health, are taking up figure skating to support their doing, co-ordination of mind and muscle and the development of more grace and poise. Figure skating also demonstrates both competitive play and team work - for the performance, be it boy or girl, man or woman, no spot holds greater importance.

In past years, the membership consisted largely of girls of most boys had the enormous like the figure skating was for girls only. However,

participation. This has on been easy,  
it have been increasing each year and par-  
ticipating. Two additional professionals  
was added in order to give every member  
4 attention. This has only made peo-  
ple the usefulness of local citizens  
& working without thought of personal re-  
turn and by local advertisers and other com-  
munity organizations who recognize the importance  
of having Figure Skating Club and support it  
in. It was the hope is held by all Cobourg  
that in order to continue this policy, every  
skater must do his share to ensure there will  
never be any loss of skaters and programs will  
remain skating central and that skating  
clubs and more are a must on their list of  
club activities.

During the week around carnival on the 13th  
of February, the Executive presents what  
was an important and spectacular community  
They are proud of the young people who  
show for your entertainment and they know  
I be proud of them too. Much of the credit  
program arranged for the carnival goes to  
a professional, Mr. John Railway, who this  
is why assisted by Miss Barbara Ann Smith  
& Nancy Thompson. The program being  
how the youngest skater in the most ad-  
vanced position, is a tribute to Mr. Railway  
skaters.

clubs are directed to the maintenance clubs  
& presenting some of their outstanding skaters  
part in this program and special thanks go  
mothers, Miss Mrs. who, working behind  
ever making arrangements and doing the many  
things which come within the scope of their  
us, make it possible for the club to give you  
recreation. Finally thanks to all our adver-  
tised to all others who have helped.
