The Cobourg Figure Skating Club is now over one year old and it remains a vigorous organization filling an important need in the life of our community. Over the years many citizens have given freely of their time in an effort to increase the popularity of figure skating and these citizens have met with considerable success, as evidenced by the enthusiastic group of skaters, parents and friends who have supported the club throughout the season and are here to force us the Annual Carnival.

Every effort has been directed towards interesting young people (though our adult skating group is growing) in figure skating not only for its beautiful aspects as a body builder but also because figure skating develops grace, poise, co-ordination and a spirit of cooperation between participants. For a time many boys were of the opinion that figure skating was "for the girls". Though this view is still held by the many, those who have interested themselves in figure skating realize from personal experience that this is certainly not the case. Professional and amateur hockey players have long taken this and in fact it is not unusual to discover that many hockey idols have had early training in figure skating which, they are the first to admit, has improved their hockey performance. There are countless examples of figure skaters among athletes, models and other people in the public eye for they are trained the tremendous importance of poise, good health and the co-ordination of mind and body which comes as a result of their healthful skating activities. Ladies in countless fields have often spoken on the value of figure skating to boys and girls as a developer of discipline and security, not only of purpose as an individual and also as a member of the group.

As this year I wish to pay tribute to our club's coaching professionals who have contributed so much to the success of our skaters. In order to provide our children with the best of instruction Mr. John

Your club has most enjoyed getting along with on the many Day After classes from the Past Time Figure Skating Club which decided to suspend operations for this year. This opportunity to get to know members of our winter club is our enjoyment here in Cobourg welcomes.

I think you would wish to know something of the club's financing, though I shall not bore you with dry statistics. Suffice to say, your executive and the Mothers' Group have tried very hard to build the line on operating expenses and, as you know, membership fees were not raised this season despite some unavoidable increases in operating expenses. Our aim has been to provide instruction of the highest standard and the maximum of skating time. In addition, a limit on the number of contracts required for most participants in the Annual Carnival was made in order to reduce extra costs to each family, keep figure skating within the average family budget and allow maximum participation. Even with the more conscientious management and the selflessness of many skaters, this would not be possible if it were not for the support given by the local skaters which you see in this program. Therefore, I request you to support these citizen-minded parents, organizations and members.

The financial support provided by the Cobourg Extracurricular Commission through the provincial grant, the funds received from our Club Mothers' Group as a result of their annual dinner and other social activities, the sale of tickets and programmes for the Carnival are all important sources of income without which our club could not exist in its present form. I mention these things in order that parents and friends will realize that the fees paid by club membership are in fact only a small portion of the revenue required to operate our club.

In planning this year's Carnival the dates were selected in order to leave the Carnival open before Easter school recessions and also allow those members who wish to pass time as much time as possible for practice. The season is the 1960

Due to the fact that our Cardinal this season is being held in February, rather than March, there is not a list of supply winners to publish. Our competitions will take place before the season closes in March here.

Eliza Buxton Memorial Trophy

The current Eliza Buxton Memorial Trophy for the 1958-59 season was presented to Miss Marlene Slater at the party following the Cardinal last year. The winner of this trophy for 1959-60 is still, of course, not known.
