A Champion!

Top performance, whether in sports or in the making of printing plates, is the result of training, skill and experience. At Haynes Printing we try to combine these characteristics to turn out products of "championship calibre".

Bankers - The Toronto

The EXECUTIVE

The Cobourg Figure Skating Club is now ten years old and it remains a vigorous presence, filling an important void in the life of our community.

All persons, except for Professionals, who wish to join the Club do so without reservation with a definite hope that their efforts go a long way to cut down juvenile delinquency in Town and to promote good healthy recreation for the mental and bodily development of the men who take part.

Every effort is being made towards instructing young people in figure skating because, this develops grace, poise, co-ordination and a lot of experience towards participants. There have been many instances in which physically disabled people have developed strong characters through the exercise obtained from ice skating. Some of our best professional key players use figure skating as a means of improving their game. There are countless tales of figure skaters among scientists, artists and other people in the public eye, who have learned the tremendous importance of mind, good health and the co-ordination of mind and body which comes as a result of their ice skating activities. For the perfectionist, sport holds greater incentive.

Those responsible for the progress of the Club are constantly keeping in mind that the annual membership fees must be kept within the age leaning budget in order to allow the largest participation. This year, these fees cover the full cost of operating the Club, discounts is made up of contracts from the local dances, etc.

Regular Schedules and
Rates in Charge.

ed for the Carnival goes to one of our Club Professionals, Miss Virginia Knowles, who has been ably assisted by Mr. Paul Tatum and Mrs. Peggy Matheson, Sr. Thanks to spending his first year as a professional with the Club. We wish to welcome Peggy and Jane McCauley who were members of our Club for so many years and have come from Belleville to skate with us tonight. It is wonderful to see them again and we know you will enjoy their performance.

Special thanks are extended to the Mother's Group who design and make up the costumes and, through their telephone committee, keep the rehearsal schedules going so close, and so many other jobs which come within the scope of their activities; and a special thanks to Messrs. H. Sutton, E. Porter and C. Taylor who painted the Carnival Booth-top. Our sincerest appreciation is extended to all our sponsors whose generosity in supporting the Carnival often makes the difference between profit and loss.

To all of you here, indeed welcome, and we sincerely hope you will enjoy the show.
