

Coaches & Managers

We at the executive started this year with some very lofty goals for CLASO. One was to have a solid structured award program. This was accomplished in spades. Please take the time to thank your Government board, they did an amazing job. From scheduling to organizing the event, developing signs as well as helping put on some great and exciting tournaments. Great Job!

We also tried hard to put great tracks on the beach this year, and from what I see I think we have some of the most dedicated tracks of any sports organization in Town. It takes a lot of courage to be a coach and a role model for young kids. Thank you for all your hard work.

We would like to give our coaches more tools to help develop our youngsters to enjoy this great game even more, so we will be offering some Coaching Clinics in the spring of 2017.

The junior umpires were challenged this year with lots of great ball, and did an admirable job. Without the ump the game does not work. Well done, gang. We will be creating another Junior umpire Clinic in the spring so if there is anyone you know that would be up to the challenge please call in one of our executives.

The best thing about this year was the fun I saw on all the little faces as they hit, ran and made the plays, and the parents smiles as they watched their children being active, improving in skill, making new friends and enjoying themselves.

With this year in the books, we have all wanted to build on our accomplishments and make next 2017 and 18 years of Logan Hill

AWARDS EVENING

Honor of Ceremonies

Rory Quigley

Introductions: Head Table & Executive Members
